

Municipal Employment Screening & Hiring Program

SKILL STATUS / PERSONAL INFORMATION UPDATE FORM

THIS FORM IS ALSO AVAILABLE @: www.meshprogram.com

Once you have completed the MESH Program, your test results, personal information, skills and employment status will be furnished to the participating agencies. This information will remain “active” for a period of one (1) year from the release date of the master eligibility list for the program that you attended. It is possible that you may have a change in skill/s status (e.g. become a Paramedic), or a change in personal information (e.g. new phone number), or become employed after completion of MESH. The MESH Program allows you to modify your existing skill/employment status and/or personal information on the current list, and periodically updates the agencies of the changes.

Note: If you require additional testing for your new skill, or want to re-take test/s, you will need to register for the next MESH Program.
